ONLY SUSTAINABLE BEAUTY IS BETTER THAN BEAUTY

Beauty is no longer fleeting - it can and must be restored, preserved and enhanced. This is a task that Just Lipid can accomplish.

ESTEL

It's time to feel the power of innovative lipids and phytosterols, bringing smoothness, softness, strength and glossy shine to your hair. It is a new source of beauty created by nature and science.

Phospholipids of a new generation

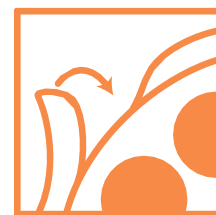

natural ingredients as close as possible in structure to the lipids of human skin and hair.

Phytosterols

natural compounds found in vegetable oils, nuts, seeds and beans.

Acts inside the hair, improving the condition of the lipid layer

Helps smooth the cuticle, retains moisture within the hair

Returns hair elasticity and incredible glossy shine
